Farmers Guardian App User Guide

Farmers Guardian has become much more than just a weekly title. In fact, thousands of farmers see their Farmers Guardian VIP Membership as a vital business tool, helping them make important decisions on-farm.

One of these tools is the Farmers Guardian app, free for VIP Members. Our app is digital replica of each week's issue, which means you can read us on your mobile or tablet just as you would your regular Farmers Guardian.

Having a digital version of the paper is not only useful when out and about or on-farm, it's also available to download every Thursday evening. Get a head start on planning your working week, bag a bargain from the Classifieds before anyone else, or read the latest news headlines before Farmers Guardian hits the shelves: the app gives you all of this and more.

I'm a VIP Member. How do I log in?

▶ If you have an Apple device, head to the App Store. Android users will search via the Google Play Store

▶ In the search bar, type **Farmers Guardian**

▶ Tap **open**

▶ Tap the red **download** button under the image of the latest issue

▶ In the first box, enter your surname and the last 4 digits of your membership number i.e. Bloggs1234

▶ In the second box, enter the last 4 digits of your membership number i.e. 1234

▶ Tap **login**

FAQs

▶ **I'm trying to log in but it doesn't recognise my details**
Please double check that you have entered the correct details. Do you know your membership number? It's printed on the address sheet which accompanies your Farmers Guardian each week ▶

Alternatively, are you a new subscriber? It can take a week before your details are registered into our system.

If you have been subscribing for longer than a week and are entering the correct details but the system still doesn't recognise you, please email **membership@farmersguardian.com** with your name, address and postcode, and details of your query.

▶ **I'm experiencing technical difficulties whilst using the app**
Please contact the support team at **supportdesk@pagesuite.com** or on **01233 721030**.

⚠ Please ensure that, when going through this process, you have a good, stable connection to the internet. Ideally, connect your device to a home broadband, wireless connection. If the connection is unstable, this could cause the pairing to fail.
